PROFESSIONAL EXPERIENCE

AIME: INNOVATION WITHOUT LIMITS   **London, UK**
Software Engineer   **AUG 2022 - OCT 2023**

AIME prioritizes customers, offering quick, affordable, high-quality digital products. Their patented platform powers their products and client solutions, showcasing their dedication to smart digital innovations.

- Tot Loft: Key contributor to the Tot Loft mobile app using React Native, enhancing accessibility to sustainable baby gear for both iOS and Android users. Ensured technical robustness and successfully deployed the app to both the Play Store and App Store.
- Onvi: Facilitated the public launch of the Onvi app, enabling small businesses to accept secure payments at low rates. Deployed on both Google Play Store and App Store, expanding its reach and empowering seamless transactions.
- Aspedan: Developed a user-friendly data management app with Next.js, Chakra UI, and Zustand. Ensured smooth integration with wearables and health devices, promoting healthier lifestyles through personalized health plans and community engagement.

8TH LOOP   **Karachi, Pakistan**
Junior Frontend Developer   **SEP 2020 - APRIL 2022**

8th Loop Ventures Ltd., based in Karachi, Pakistan, specializes in AI and ML to streamline data processes and enhance the consumer journey. We provide cutting-edge digital solutions.

- Supersavermama: I led a UI enhancement project at 8th Loop, increasing user engagement by 11%. Using HTML, SCSS, and JavaScript, we created a seamless, user-friendly interface.
- Convolytica: I improved Convolytica's website appearance and loading speed by 15%, focusing on a clean, user-friendly design.
- Barterrup: Leading Barterrup, I built over 40 pages, boosting site performance by 20%. Using Nuxt.js, SCSS, and Vuetify, we delivered a smooth, high-quality user experience.

8TH LOOP   **Karachi, Pakistan**
Trainee React Developer   **MAY 2020 - AUG 2022**

8th Loop Ventures Ltd., based in Karachi, Pakistan, specializes in AI and ML to streamline data processes and enhance the consumer journey. We provide cutting-edge digital solutions.

- Developed dynamic web applications using React and Nuxt.js, integrated GraphQL APIs, and employed HTML/CSS/SCSS for responsive, cross-browser UIs.
- Crafted efficient JavaScript for complex frontends, collaborated in cross-functional teams, and maintained user engagement through comprehensive code documentation.
